NO. 93.

An Old Democrat on The Senatorial Situation.

A little retrospection, embracing a few bits of personal history, by a layman of nearly a half century's service in the ranks.

Politics and religion are preponderantly prejudice born of environment and absolutely unacquainted with principle and uninfluenced by conscience or scruple. Patriotism and party interest apply mainly, if not only, to the obscure layman. The rare instances of official integrity but prove the rule. Shakespeare's truism of the fantastic tricks of those clothed with a little brief authority, applies equally to the mercenary misfit who enjoys a brief season of official pap.

Jewell's generalization and Mulligan's specification of politics are eminently a fitting apostrophe to the famous Ashland District, which in very recent times has demonstrated the rule that self is paramount and party interests and previous preferences wholly subordinate considerations. John G. C. and W. C. P. B. were of Brodington, W. C. Owens and Milton J. Durham, of Liliptia, W. O. Bradley and Armp Swope, of the olden time. There are those who allege a flaw and taint in James H. McCreary's title to the gubernatorial nomination, and likewise smile at "Cerro Gordo" Williams' sagacity in declining to claim his own and succeeding to a higher plane. And the correspondents to dailies report "Vaseline Jimmy" mum as an oyster when Beckham's prospects were mentioned.

Jimmy put up the price of votes in the Eighth and the loudest boast of henchmen when his turn came to beg a hand-out has been he always "put up" freely for the little fellows clamoring for party favors. In sizing up Jimmy, the Saturday Evening Post's correspondent concludes: "A shake of the hand from him is a benediction. He adds a beaming distinction to the front row on his side," but that is about all. I do not know the correspondent but many will agree that he knows Jimmy, and who doubts that the great statesman (?) will share Bill Haldeman's exultation if Beckham fails of his ambition.

The snap judgment of conventions had become so flagrant that a primary election was adopted as fairest means of majority rule and the contestants morally and legally pledged to cheerful and cordial support of the nominee in maintenance of party harmony and organization.

Disgruntled, disappointed candidates who sulk and bolt, generally find that resurrection is not universal. The fledgling who poses as a reformer and flamboyantly prates of a hypertrophied conscience which sublimates and sanctifies him into something bigger and better than his benefactor and creator, lives to realize that his labored lucubration is truly pitiful pathos.

Conceding sincerity in the emulation of colossal mercenaries in cloaking resentments under plea of loyalty and reform and conscience there will obtrude suspicion of a nigger in the woodpile. When the midgits play to the gallery the rule or ruin principle seems just as applicable to the sacrosanct reformers as to Beckham, who was glorified as governor and astute politician long as the distribution of patronage appeased clamor and the greedy were not an hungred.

How any conscientious man can be persuaded to violate a moral and legal duty behind a technicality, or any honest voter encourage it, is past the comprehension of an

OLD FOGY.

Rank Foolishness.

"When attacked by a cough or a cold or when your throat is sore, it is rank foolishness to take any other medicine than Dr. King's New Discovery," says C. O. Eldridge, of Empire, Ga. "I have used New Discovery seven years and I know it is the best remedy on earth for coughs and colds, croup, and all throat and lung troubles. My children are subject to croup, but New Discovery quickly cures every attack." Known the world over as the King of throat and lung remedies, sold under guarantee at Penny's Drug Store, 50c. and \$1. Trial bottle free.

James Sellers, a prosperous farmer of Pendleton county, has lost his mind from brooding over the tobacco situation. He did not pool his crop and has been reading of night riders. He fears they will burn his barn, containing between 5,000 and 6,000 pounds of tobacco. He is in a critical condition.

Special Announcement Regarding the National Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. G. L. Penny.

Boyle Democrats' Statement.

We, the undersigned Democrats of Boyle county, desire to correct the untrue report which we find published by some of the press in regard to the sentiment of the Democratic voters of Boyle county in the Senatorial race. We feel that we are in touch with the party in our county and that it is almost solidly in favor of the election of the duly nominated candidate of the party.

The Boyle county Democracy enjoys the distinction of having in connection with one other county in the State increased its majority over the common enemy at the November election and it directed at that election that the Hon. E. W. Lillard cast its vote in the Legislature for ex-Governor Beckham.

The report is now in circulation, sent out by some one who, we believe, knows nothing of the sentiment of the party, that there has been a charge since the election. We believe that we can truthfully say that nine-tenths if not all of the Democrats of the entire county, desire its representative to cast the party vote which he was commissioned by it to cast, and which he pledged himself to cast, for ex-Gov. Beckham.

In the interest of our party we have voluntarily come to Frankfort to ascertain from our representative why Boyle County's vote thus far has not been cast for Gov. Beckham. Both he and we know that Governor Beckham's personal presence in the county and active canvass of it largely enabled the party to send him to the Legislature for the purpose of electing the Democratic nominee to the United States Senate.

We trust that the press will no longer misrepresent the feeling and the sentiment of the Democracy of Boyle county.

Robert Harding, C. N. Smith, B. J. Durham, R. G. Evans, W. J. Price, W. Logan Wood, Geo. W. Coulter, W. S. Fitzgerald, J. C. Davis, F. Timoney, R. H. West, W. M. Zimmerman, Wm. King, R. C. Fitzgerald, John C. Voris, A. T. Wingate, M. M. May, H. G. Wingate.

DISASTER.

Governor Beckham won his nomination in a State primary. Whatever is said of the methods of Governor Beckham and his friends, can be equally as truthfully charged against those opposed to him. In no respect was the contest waged upon a higher or cleaner plane by one side than by the other. The pot cannot call the kettle black. By a majority of over 11,000, the Democratic voters of Kentucky declared Governor Beckham to be their choice for United States Senator.

The attempt to nullify this clearly expressed will of a decisive majority, is malice run riot and madness, pure and simple. If this program is carried out, it will be accomplished at the cost of the very life of the Democratic party in Kentucky. A majority of 66 will not yield to a minority of seven. Of course, these insurgents—to characterize them by the mildest name possible—can defeat the Democratic nominee. They can with the help of the Republicans, elect Bradley to the Senate. But they are, at the same time, heaping up damnation to themselves and ruin for the party whose servants they are. That they can, in slightest degree, justify their action is beyond all possibility. Every Democratic Legislator who fails to support Governor Beckham by his vote, stultifies himself and aids in the murder of Democracy.

The situation at Frankfort is viewed with profound alarm, sorrow and regret by Democrats everywhere.—Glasgow Times.

In Memory of Little Harry Griffiths.

It did indeed seem hard to us all when God, seeing he, needed another little jewel in his hand, sent the death angel down to the home of Mr. and Mrs. H. S. Griffiths and plucked the bud from the stem to bear little Harry back to the God who gave him. Harry was only two months with us here to love when God saw such a precious jewel could not endure the dark clouds and raging tempests of this life and that heaven, not earth, was our darling's home.

It is so hard for father and mother to surrender their first born and say: "God's will be done" and human consolation does not reach their broken hearts and we can only point them to Him Who doeth all things well. For even though he can never return to us, the day is not far distant when they shall be reunited with their angel babe to part no more. Not now, but then we'll understand why he was given to us for such a short time. Little Harry's life had been one of constant suffering despite the many efforts made by mother and father to relieve him. It must be a great comfort for them to know everything in human power was done for their darling, but death must have been a welcome visitor when it came to bear the little soul back to its Maker.

From one who knew and loved him.

Democratic Ticket.

For United States Senator,
J. C. W. BECKHAM.

We can't see how any democrat who heard or read Mr. Bryan's speech before the Legislature can charge that he is dictatorial. His message to the "holy six" was so eloquent and he pleaded with them in such a kind, brotherly way that even such sensitive wise men as Campbell, Lillard, McKnight and the Louisville trio could not have taken exception. It is left for the Courier-Journal and other republican papers to find fault with the great Commoner and intimate that he is meddling with private affairs in trying to help elect a democrat, who won his nomination in as fair a primary as was ever held in Kentucky. But what care either Mr. Bryan or his friends what the C.-J. and its ilk think? Such papers despise anything democratic and never let an occasion pass without dumping their stink pots and venting their spleen. To the demitition bow wows with such papers.

"THE Democratic members of the Legislature who are voting against former Gov. Beckham have no excuse for such action," Mr. Bryan said. "When these men who are opposing Mr. Beckham received their nomination it was with the understanding that Mr. Beckham was the choice of the Kentucky Democracy for the Senatorship."

THE villains still pursue. The whisky men fought Gov. Beckham in the primary, they fought the democratic nominees for Representative and now they are fighting Beckham at Frankfort. Let the temperance people of Kentucky bear this in mind.

ABOUT the only thing we will bet on during these uncertain times is that Colonel Eph W. Lillard will never represent, or rather misrepresent, the democracy of Boyle county again. One term will be enough and more than enough of Ephraim.

THE Louisville Post's cartoon on the whisky trust making the "holy six" perform is the best thing we have seen for some time. We do not know exactly what makes the six wise men perform, but they are performing all the same.

THOSE who thought Major Lillard, of Boyle, was a "dummy," saw their mistake when he arose at Frankfort and after a speech that would have been a credit to almost any school boy, cast his vote for Senator McCreary.

WE sympathize with Editor W. B. Haldeman, of the Louisville Times, and Mr. Bruce Haldeman, of the Courier-Journal, in the loss of a Godly mother. Mrs. W. N. Haldeman died in Louisville Monday, aged 81.

THEY say Wheeler Campbell thinks he is senatorial timber and he hopes that the senatorial toga may go to him. This is not the season for a repetition of the Deboe incident, however.

POLITICAL.

Senator Nat C. Cureton has announced his candidacy for the Republican nomination for Representative in Congress from the Fifth district.

On the first ballot cast in both branches of the Rhode Island General Assembly Tuesday George Peabody Wetmore was elected United States Senator.

The Urgent Deficiency Appropriation Bill carrying appropriations to the amount of \$24,000,000 was agreed upon by the subcommittee of the House Committee on Appropriations.

Among the bills introduced in the Kentucky Senate was one providing for an amendment to the Constitution which will give the voters the right to put the entire State under prohibition.

The House adopted Representative Ollie James' substitute amendment to the Penal Code Bill, making it a criminal offense for any officer or employee of the government to issue any false statistics or information relative to the products of the soil.

The Senatorial Race.

The Senatorial vote is still unchanged, the "holy six" still holding out against Gov. Beckham. Will keep you posted.
W. P. WALTON.

Wants The Dog Law To Live.

May I ask a small space in your valuable columns to call attention to the danger that encompasses the dog law. At Frankfort the first bill introduced was for the repeal of this law, and in the governor's message he especially urges its repeal for the reason that it imposes too much extra work on his private secretary. I would suggest that before the governor urges its unconditional repeal that he make a visit to a flock of sheep that has been visited by dogs, where they have, not for the want of food but simply to gratify their curiosity, killed from 100 to 200 and demoralizing as many more in a single night, and I feel sure with the usual interest in all, he will change his mind and have an additional assistant to care for the extra work. The money will be well spent and the owners of the sheep better satisfied and protected. If it costs the salary of an extra secretary and the farmers demand it, would it be anything but equity? Do not the farmers pay the lion's share of the tax and get the lamb's share of protection? It seems nothing but just that he should have at least one especial protection for one of the greatest farm industries against the worthless dogs, 90 per cent, of which are kept by irresponsible owners who are not financially able to care for their families, to say nothing of the dogs. Since they are not responsible or willing to pay for the damage done by their dogs, and while it seems to work a hardship on those who keep a poodle and dogs for sport, still there if no law enacted that does not work a hardship on some one and the best and quickest way and most equitable to tax all dogs is to pay for sheep killed by dogs.

The man with no children who is taxed to educate some other man's children, feels it is an injustice, as does the poodle to pay for the enjoyment of the shepherd brother. But it is law and we have to stand it—so let's stand the dog tax and ask the influence of every newspaper in the Commonwealth and call attention to the Representatives to defeat its repeal. The writer has no sheep, but about 12 years ago lost some \$350 worth one night, killed by dogs, and from that time has talked and worked until a tax was submitted and became a law. Mr. Croan engineered it through and got the name, while I did the work, which is all right. Just so we got the law, and if he is present let him work to maintain it. Now with all that work and expense of enactment, in justice to the sheep industry, let every man speak out through his representative to have it remain in force. The Commonwealth maintains a guard to protect foreign tobacco trusts, while they shear the grower, who works 12 months with it and gets one-tenth of its value. Why refuse to contribute to the dog tax to protect sheep, the most innocent and defenseless of all animals, and the only one whose innocence is compared with that of the Savior of men?

Little Ills of Children

Mothers and all others who have children about the house cannot do their families a better service than to learn of simple and reliable remedies that correct children's ailments. Many grown people are suffering today for the ignorance or negligence of those who had charge of their bringing up.

Children are prone to constipation, and if it isn't corrected early, the bowels get in the habit of not working normally and so chronic constipation results that may last off and on all through life. Then children eat almost continually and as a consequence indigestion sets in soon followed by worms, or stomach pains, or diarrhea, or any one of a dozen other troubles. To say that it will right itself is putting altogether too much faith in chance. It is trying with the child's present and future health.

A better way is to give the child a dose of something intended to cure that very trouble, and nothing better for the purpose is known than Dr. Caldwell's Syrup Pepsin. It never gripes but acts gently and as it has a pleasant taste the child will not refuse to take it. Buy a 50-cent or \$1 bottle of your druggist and save the child from sickness. You should remember that a child whose stomach is in good working order is not likely to catch colds and fever diseases.

Mrs. Curry, of Trowbridge, Ill., attributes the remarkable health of her child to Dr. Caldwell's Syrup Pepsin, which she gives regularly in these disorders. Mrs. Eversole, of Hushore, Ill., is frank to say that the present good condition of her five-year-old boy is entirely due to this wonderful remedy. Try it in your own family and see if you cannot share these opinions. Every bottle is guaranteed to do exactly as we claim, and the purity of ingredients is also vouched for.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy is as reliable as claimed, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Indigestion

Stomach trouble is but a symptom of, and not itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain speed Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of his very popular and successful Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success favor to Dr. Shoop and his Restorative. With out that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and salivary complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

THE one supreme novelty upon the Lyceum platform this season is the Floyds, magicians, illusionists, and entertainers, who are to appear as the next number in the lecture course. CAUGHT.—The rascal who entered Mrs. E. B. Beazley's home Sunday while she and her son, Mr. Morgan Beazley, were at church, now languishes behind prison bars. Mr. Beazley suspected John Sandy Withers, a Negro his mother had partly raised, and he and Deputy Sheriff William Hester went to Withers' home Monday night. He admitted breaking into the house and the goods he stole were recovered. Withers seemed perfectly willing to accompany the officer to town but asked permission to get a drink of water. This he secured, and he made a dart for the door, but Mr. Hester was too quick for him and grabbing him, prevented his escape. Withers will have abundant time to repent his foolish effort to make a living without working, as he will almost certainly be sent "over the road" for several years.

THE PEOPLE'S FRIENDS.—No play has ever won for itself so much human love and so much of true friendship from the whole public as Clarence Bennett's The Holy City. It takes hold of the heart of the auditor at once. It bears that magic spell of genius that makes it real to an auditor. He at once forgets that it is a play and is carried away with its realism. Having once seen it, it ever after takes on a sort of personality. It becomes to us like some person whom we have known and loved. We remember it not as a play, but as an old friend, and, on its return, hasten to grasp it by the hand and say, "Welcome!" It is the only play that pleases everybody. This is one true mark of real genius in a drama. Another is that every time you see it again, you find new and beautiful things that you had never seen in it before. This is one of the few plays that will live to delight our grandchildren and their children after them. See The Holy City at Walton's Opera House next Monday night, 27th.
